THE MOST DEMANDING JOBS **REQUIRE THE MOST**
ADVANCED EQUIPMENT

Borescope News

Greetings!

With a wide variety of industries relying on video borescopes for their remote visual inspections and nondestructive testing needs, ViewTech Borescopes has announced the addition of several new clients that utilize their VJ-3 articulating video borescope. Some of ViewTech's newest VJ-3 clients include Minaki Aircraft

Repair Services, Woodward Inc, Delta Faucet and Minnesota Jet. Click [here](#) to learn more about ViewTech's newest clients.

Industry News

24,000-Square-Foot Helicopter Repair Facility Opens in Richmond

A new helicopter maintenance, repair and overhaul facility, which works on both civilian and defense craft, has received authorization to operate from Transport Canada.

Automobile Performance Testing System Equipped with High-Speed Cameras from Mikrotron

By incorporating high-speed EoSens® GE GigE Vision® cameras from Mikrotron into its WheelWatch™ optical measurement system, AICON 3D System GmbH has set a new

standard for non-contact monitoring of wheel motion in vehicle dynamics testing.

President's Letter from Scott Cargill, 2018-2019 ASNT President

As I sit here giving some thought on how to end my term and this letter to you, I realize that to this end, I should start at the beginning so that the end circles back, thus completing the circle.
