The Inspection Solution Industry Leaders Trust

The accounts of why the top RVI leaders continue to choose ViewTech Borescopes.

Value Drivers:

- Ease of use - no onstie training requiried
- Unmatched, USA based customer service
- **Inspection Reporting Software** Included

Proven Borescope Earns Loyalty

Having seen firsthand the dependable VJ-4 at his previous employer, an experienced aviation engineer recommended ViewTech when his new team began shopping.

The **VJ-4 2.8m X 1.5m Dual Camera** borescope is now in active rotation, valued for its ease of use, stunning picture quality, and included Inspection Reporting Software—reinforcing why trusted tools follow trusted professionals.

Oil Leader Reduces Costs

Leadership pressure to reduce borescope repair costs led a leading Oil and Gas company to utilize our free onsite demo program testing the **VJ-4 6.0mm X 1.5m Dual Camera**.

The borescope proved image clarity, Dual Camera efficiency, easy folder selection and solved their main pain point - delivering lower overall cost.

Value Drivers:

- Lower overall cost of ownership
- Outstanding image quality
- Rapid, intuitive folder navigation

Tip of the Month:

Improve inspection efficiency with our line of specialized **borescope accessories**. From Pratt & Whitney **guide tubes** for turbine applications to **Synflex** for extended reach and **centering devices** for improved viewing angles, our accessories help you get the most out of your inspections. **More Information**.
