{First Name},

With some industries being allowed to return to near-normal operations, ViewTech Borescopes started their second quarter of sales with the VJ-3 video borescope being utilized for a variety of remote visual inspections throughout North America. ViewTech highlights the addition of two of their newest clients who added a ViewTech borescope to their inspection tool kit: [Read More](#)

## INDUSTRY NEWS

### United Airlines Appoints New President

United Airlines has just named Brett J. Hart as the new President of the company. In late 2019 it was also announced that as of May 20, 2020, Scott Kirby would take over as CEO of United Airlines, replacing Oscar Munoz.

## When Will the Next Oil Price Cycle Begin

The world will soon bounce back from this pandemic, but the recovery will be rough and painful. The current low oil price environment will also come to an end, with prices possibly spiking as demand recovers. The extent of oil and gas exploration and production is largely driven by current oil prices, future expectations of oil prices, and availability of resources.
